

My Favorite TV Show

As I think about all the shows that are on television, my favorite show is George Lopez. **One reason I like it is because it is hilarious.** *Hilarious shows that keep me entertained are becoming less frequent on TV. Since I love to laugh, George Lopez really connects with me.* **In addition to that, it is informative.** *The show illustrates life lessons. Seeing these life lessons on TV helps me avoid similar situations.* **Of course, another reason George Lopez is my favorite is because I enjoy the cultural component.** *Watching Mexicans on TV makes the show seem more real. I can see my own family in that show.* Thus, George Lopez is my favorite TV show.
